Vol. 112 No. 70 | Cameron, Milam County. Texas, Monday November 15, 1971 | 6 Pages Today

Now

With F.M.L.

Congratulations to Coach Max Morgan's 8th grade football pros who finished an undefeated season Thursday with a 10-6 win over the previously undefeated Round Rock Dragons. The 7th grade Yoe Yoes, though not undefeated, went out in a blaze of glory stomping the Round Rock 7th graders 46-8.

It looks good for future Yoe varsity seasons.

Speaking of sports, Cameron's population dropped this weekend as hunters headed for the Texas hill country's opening of deer season Saturday. We understand the trend will be reversed as south Texas hunters migrate into Milam County this week to hunt deer in the Milano-Gause area. Must be proof of the saying "The grass is always greener on the other side of the fence."

NOW-NOW-NOW

Congratulations to George L. Schroeder and James A. Pouncey for batting near 100 on the mule harness definitions. Schroeder added another term left out of the original list - Double Shovel, used to cultivate row crops - and said he had one made by a blacksmith in Davilla about the year 1900.

Christmas Party Set ByChamber

For the first time in many years, Cameron will have a community Christmas party.

The Chamber of Commerce is planning a Christmas musical program for Saturday, December 4, at 6:30 p.m. on the lawn of the Cameron Public Library.

Dr. John Martin, coordinator for the event, stated that local churches and school groups have been invited to participate and that response has been very good.

"We are hoping that this program will become an annual means of officially beginning our Christmas season in Cameron and that the entire community will attend and participate," Martin said.

Group singing, solos, band numbers, a barbershop quartet and audience participation singing will make up most of the program.

Any musical group interested in being on the program is invited to contact the Chamber of Commerce office for information.

Area Roundup

Immunizations Urged

TEMPLE

Recent outbreaks of diphtheria in Cameron, Waco, Austin and other cities have caused local health agencies to recommend immunizations for children and adults. There have been no cases of diphtheria reported in Bell County and health officials said the warning and recommendation is to try to help prevent any outbreak of the disease in the area.

Students Try To Register

COLLEGE STATION

An apparent compromise was reached by Texas A&M University students and the Brazos County tax assessor-collector on the question of whether students can register to vote in the Dec. 14 city council election. The dispute arose when the assessor told the students he could not possibly issue the 2,000-plus voter registration certificates filled out in a drive conducted at A&M.

New School Nearly Finished

ROSEBUD

Construction at the new Rosebud-Lott Advanced Learning Center in Travis is about at an end, and painters have begun giving the buildings their finishing touches. Present plans call for furniture to be moved into the building during the Christmas holidays.

Travis Post Office Closes

TRAVIS

November 30 will be the final day for business for the Travis Post Office. Located in a small sheet metal building for many years, the Travis Post Office "has treated its patrons with services not available in the larger towns and cities."

Highway Improvements Asked

CALVERT

The Calvert city council voted to petition the State Highway Department to improve Highway 6 from Calvert to three miles north of Walnut Creek. North Main Street will be widened to 64 feet if the highway department approves the project.

Hornets Capture Title

CALDWELL

Jubilation reigned after the Caldwell Hornets captured the District 20AA championship by defeating Westlake. It is the first time this has happened since 1939.

Leash Law Requested

GEORGETOWN

More than 1100 local residents have called upon the Georgetown city council for passage and enforcement of a leash law ordinance. Council was shown recommendations from the Humane Society which stated that Americans breed, or permit the breeding of, "a really fantastic quantity of dogs and cats."

McCall Is Improving

WACO

Baylor University President Abner McCall underwent surgery at Baylor Medical Center in Dallas Thursday. Attending physicians said McCall's condition is serious but improved over that of Wednesday when he was transferred to Dallas from Waco's Hillcrest Hospital. He underwent gall bladder surgery in Waco last week and was taken to Dallas for treatment of complications arising from that surgery.

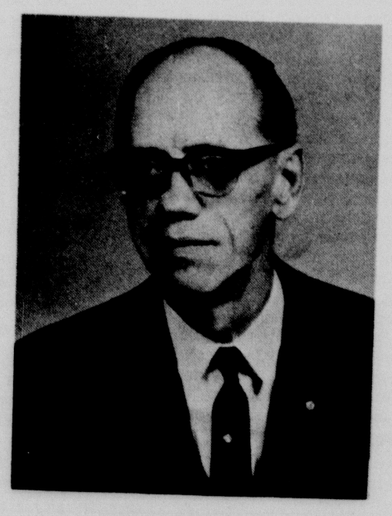
Commissioners Lease Property, Discuss Raises

County Commissioners, meeting Thursday at the Courthouse, opened bids on rental of the property formerly used for a county poor farm.

Timmy Tucker was awarded the lease with a high bid of $602.53. Other bids were: Donald Tucker $556. and Henry Ivy $325.50.

In an informal discussion, Commissioners asked Judge O. B. Harden to get offical confirmation on increasing county employees' salaries.

An increase voted last summer, was deferred following President Nixon's wage-price freeze. Judge Harden said he understood county employees' salaries could be raised 5 1/2 percent under Phase II regulations, slightly less than the increase voted by County Commissioners.



REV. J. L. SCOTT

Rev. J. L. Scott Is New Pastor For Christian Church

Rev. Jay Lee Scott, new pastor of the First Christian Church, will preach his first sermon here this coming Sunday.

Rev. Scott and his wife, La Verne, moved here from Ballinger where he was minister of the First Christian Church.

He has served previous pastorates in Arlington, Mesquite, Fort Worth, Childress, Apache, Okla., and De Queen, Ark.

During his ministry in Apache he was president of the ministerial alliance and chaplain of the House of Representatives of the State of Oklahoma. He was chairman of evangelism in District 7 in Arkansas, and also president of the ministerial alliance at De Queen.

A native Texan, Rev. Scott attended high school in Dallas and was a graduate of Bryan high school. He received his BA degree from Howard Payne University and did post graduate work at Texas Christian University.

He is a member of the Masonic Lodge and 32nd degree Mason in the Guthrie Consistory.

Ben Barnes Speaks To Cen-Tex Lawmen

Lt. Gov. Ben Barnes told a standing room only crowd of more than 200 Central Texas law officers in Cameron Wednesday night that he favors more effective education in the field of law enforcement.

Barnes was guest speaker for a dinner meeting of the Central Texas Peace Officers Association held at the Knights of Columbus Hall in Cameron. His appearance here was in line with an announced plan for a "personal contact" style campaign for the gubernatorial nomination in the Democratic primary.

The Lt. Governor drew a record crowd of law officials and special guests who included Lt. Gen. George P. Sneffe, Jr., Ft. Hood commander, and City officials, Mayor E. A. Perrin, Councilman Lawrence Zotz, City Attorney Ed Magre and City Judge Robert Ellett.

Barnes, who was introduced by Temple Police Chief Leonard Hancock, said he advocated better rehabilitation particularly for drug offenders and classified alcohol as a drug.

He also charged that the courts have been too lenient, that the trend toward probated sentences was not backing local police forces.

Mayor Perrin welcomed law officers and guests. Arrangements for the meeting were made by Cameron Police Chief Felipe Martinez.

POST OFFICE ANNOUNCES MAIL CHANGE

All mail deposited in Cameron for out of town delivery will have to be dropped by 5:40 p.m. This time change is due to additional time needed to process mail in Temple SCF.

The newest innovation of the United States Postal Service -- Area Mail Processing, was installed at the Temple Post Office and Sectional Center Facility on Saturday.

The program is intended to speed the ultimate delivery of the mail and to gain maximum efficiency and economy through the use of Temple's Sectional Center Facilities (SCF) and transportation routes.

Mrs. Opal F. Roberson, Temple Postmaster and acting manager of the Temple SCF, said mechanized equipment is scheduled to be installed later at the Temple Post Office to expedite the movement of increased mail volume, resulting from the area mail processing program.

The Temple Post Office is a Sectional Center Facility which, under the new area mail processing program, will process letter mail for certain associate post offices in the Temple area.

The area mail processing will affect these offices: Belton, Cameron, Copperas Cove, Gatesville, Hamilton, Lampasas, Rockdale, Taylor, Bartlett, Granger, Moody, Rosebud, and Thorndale.

All mail deposited in street letter boxes, which has not been designated for local deposit, or the out-of-town letter drops at the selected associate offices will be transported to the SCF for processing and will bear the postmark designated for the SCF area.

Mail deposited in a collection box or drop designated for local mail will be postmarked at the local office of origin. It is emphasized that no office will lose its legal postmark. All metered mail will bear the postmark of the office of origin. For obvious reasons, customers are urged not to use the word "city" on mail for local delivery, but spell out the name.

USDA Approves Continuation Of Cost-Share Help

The U. S. Department of Agriculture has approved the continuation of emergency well drilling and stock pond construction for individuals who had made application for cost-share assistance during the drouth, according to U. S. Sen. John Tower.

This continuation is for individuals who were unable to complete the work because of the lack of availability of well drillers and dirt construction operators.

If the individual application was approved by the county ASC committee and the state committee, and the need for stock water still prevails, Tower said, then the individual will be allowed to complete the requested project with federal cost-share assistance.

Revision Sought For 'Rules Of The Road'

State Rep. Dan Kubiak says he has drafted revisions for the controversial "Rules of the Road" legislation to correct the 'trailer brakes' provision and eliminate the injustices of that law.

The rules are contained in Senate Bill 183 passed by the 62nd Legislature which sets forth lighting and brake requirements for all commercial vehicles, including farm trailers.

"The Department of Public Safety has indicated they will issue warning tickets," Kubiak said, "but they will not be stringent on the enforcement of the brakes-on-all-wheels until this bill is considered by the legislature in the special session. At that time Governor Smith has indicated he will open the call to correct this legislation."

Meanwhile, there is an exemption of 15,000 pounds for all farm trailers providing they travel 30 miles per hour or less, Kubiak said.

He added that 85 legislators have indicated they will co-sponsor the legislation with him when the special session convenes next year.

School Board To Meet

The Cameron school board will meet Tuesday, November 16 at 7 p.m. instead of the regular second Thursday. The meeting will be held at Ben Milam School.

EARLY AMERICANA collection draws the attention of passerbys at the Grady Fikes home, 710 S. College. Mr. Fikes (shown beside part of the collection) says friends have added to his display that includes a 100 year old saddle, butter crocks, corn grinder and bleached animal skulls.

Water And Sewage Problems...

Cameron is fortunate indeed, in all its current modernization, to have behind most of the problems which currently face Rockdale and a new water system in the Rogers area.

The Bell-Milam-Falls Water Supply Corp. has a problem of pressure along its dozens of miles of pipe in part because unauthorized tapping of the lines is occurring.

Rockdale faces a bond issue later this month to decide whether a 236 percent undercapacity, below standard sewage plant is reason enough to approve a $400,000 bond issue. The system does the job, but fails of Texas Water Quality Board standards.

Cameron has a relatively new water and sewer plant system. It hopes to expand service to small homes or lesser family dwellings even in this day when such service is considered essential. Officials might decide to bring off an ordinance which requires housing unworthy of such service to be eliminated, as is proposed in Temple. Cameron already is working on an ordinance like Belton toward elimination of junk autos in the city limits.

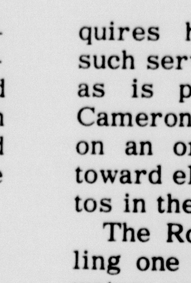
The Rogers area is installing one of the largest rural water systems in Texas. It will serve hundreds of customers already signed up. Apparently a few think this public water is free. But payment, even over 30 to 40 years, for the water system comes through sale of water at moderate prices to customers.

Eventually Cameron will have to expand its water and sewage treatment plants as additional housing is built and additional industrialization requires new capacity.

It would seem that expansion proposals in Rockdale and the Rogers areas are incurring minor, but important tests that any modernization experiences. It always helps when people give their support to a worthy cause.

"Low Down" FROM THE Congressional Record

By JOE CRUMP



(A Column for Readers Who Haven't Time to Review the Congressional Record Daily)

CHILE STEALS FROM AMERICAN TAXPAYERS

SENATOR HARRY F. BYRD, JR. (Va.) ". . . I support the sharp statement of Secretary of State Rogers in his comment on the action of the Socialist Government of Chile in denying compensation for the American interests in three Chilean copper mines. These mines were seized by the Chilean Government. . .

"The book value of these three mines involved was $629 million, according to Chile's own figures.

"The action of Chile underscores the great risk taken in 1969 when Congress approved establishment of the Overseas Private Investment Corporation (OPIC.)

"This Corporation, wholly owned by the U.S. Government provides insurance against certain kinds of losses which U.S. investors may suffer in other nations.

"The purpose of the OPIC was to expand greatly the commitment of the U.S. Government -- and hence the U.S. taxpayer -- to the support of the American private investment in developing countries.

"OPIC was funded with fiscal year 1970 appropriations of $37.5 million and fiscal year 1971 appropriations of $18.7 million. This was in addition to $71.7 million transferred from the Agency of International Development (AID.)

"The Chilean CONFISCATION may result in claims against the U.S. Government, through OPIC, by the U.S. firms whose property was seized. The corporations involved include copper firms, International Telephone & Telegraph, and others. The total claims could reach $275 million -- A SUM MORE THAN $100 MILLION GREATER than the reserves of the OPIC. . .

"I presided in the Senate on December 12, 1969, the day on which the Senate passed legislation sponsored by the Senator from New York (Mr. Javits) which established OPIC. . .

"Senator Javits, the sponsor of the amendment said that --- 'It is expected that the corporation will make money, and indeed, pay dividends to the Treasury, rather than be a drain upon the United States.'

"Under the Javits amendment, insurance and guarantees issued by OPIC are backed by the full faith and credit of the U.S. Government.

"In other words, ANY LOSSES WHICH EXCEED THE FEES PAID IN BY THE INSURED FIRMS MUST BE BORNE BY THE TAXPAYERS OF THE UNITED STATES..."

* * * * *

A GRASSROOTS COMMENT

Chile is a long way from Crossroads U.S.A. But it may take the taxpayer's money from Crossroads U.S.A. to bail out OPIC.

Confiscation is a diplomatic word for stealing. It will be noted that "Foreign Aid" to Chile exceeded $1.3 billion since World War II. It's little wonder that the American taxpayer is disenchanted with Foreign Aid.—J.C.

Letters to the Editor

Dear Sir:

There has been passed on to me a copy of the August 9th issue of your paper which includes of page 2, a photograph of the 1912-13 Cameron High School football team of which I was a member.

I note that there are three players listed as "unknown". I believe that I can throw some light on the identity of two:

In the bottom row the one between Marvin Tyson and Raymond Posey is John Merritt. In the top row the one between Delbert Childress and Roy Epperson is, I believe, Strickland, a brother of the coach.

The third unknown I cannot place.

Also, the player in the middle row, between Ernest Kahler and Auburn Casey is listed as "Paden C. Ross". I would guess that this was intented to read Paden Cross, however, I doubt that this is Paden Cross.

Possibly you have gotten a response from some source which would identify the player to my left - also comment on the one listed as Paden C. Ross and this information I would appreciate receiving.

Yours truly,
Arthur J. Matula

THE FAMILY LAWYER

Used Car Skulduggery

From a friendly used car dealer, Jason bought a car that had been driven only 20,000 miles—according to the speedometer. But a few days later, he found out from the original owner that the true figure was almost 50,000 miles.

Outraged, Jason filed suit against the used car dealer for fraud. But in court, the defendant showed no remorse.

"It is true that I turned the speedometer back," he told the judge, "but only after putting the car in first class condition. As for fraud, I told this man no lies. He just didn't ask me any questions about mileage. All I did was to keep quiet."

Nevertheless, the court ordered the dealer to pay damages. Even if he did not make any false statements, said the court, his deceptive actions spoke louder than words.

Any serious misrepresentation by a used car dealer, whether by word or by deed, will usually give the customer the right either to collect damages or to rescind the deal. But the rule works both ways. Take this case:

A car owner noticed after a collision that his motor block had a crack in it. Carefully he concealed the crack with a sealing material, then sold the car to an unsuspecting used car dealer.

This time it was the dealer who brought suit for fraud. And even though the car owner argued that he had "told no lies," the court ruled that he had indeed perpetrated a fraud on the dealer. A private party has no more right to cheat a dealer, said the court, than the other way around.

If you have been deceived, your chances of getting redress in court are greater if you act promptly.

One man discovered, soon after buying a used car, that the motor was faulty. Although the motor was covered by a warranty, the man procrastinated for almost a year before trying to rescind the sale.

When he finally did try, a court ruled that he had waited too long. The judge said even a valid claim can be lost if the person "sleeps on his rights."

MILAM AREA PARADE OF SPORTS

1968 CELEBRITY...

Foster, 13, Wins State Golf Meet

A Young Cameronite took the Texas Junior Golf Championship in Flight "G". George Foster, son of Mr. and Mrs. Bob Foster took the title after five days of qualifying and match playing in San Antonio last week.

Foster, 13, is an eighth grade student in Ada Henderson and entered the tournament with Danny Monroe, son of Mr. and Mrs. Dana Monroe and Roy Thompson, son of Mr. and Mrs. Blondie Thompson.

The Thirty-seventh Junior Golf tournament was sponsored by The San Antonio Light and The Texas section of the Professional Golf Association.

612 Boys Enter

Tournament Sam Goldfarb said 612 boys from all over the state of Texas entered the tournament. The host city, San Antonio, had 211 golfers that qualified Friday.

Monday Foster shot a 53 on nine holes and was placed in Flight G. Monroe shot a 48 and was placed in Flight D and Roy Thompson carded an 87 for 18 holes and was placed in the Twenty-first flight.

The entrants went into match play Tuesday. Foster and Monroe both played at Brackenridge Golf Course and Thompson played at the Riverside Golf Tournament.

Thompson tied his opponent, Johnny Bretz of San Antonio at the end of 18 holes and then went into a sudden death playoff with Bretz. Bretz won it one up to remove Thompson from the tournament's championship flights.

George Foster
Texas Jr. Golf Champ

Meanwhile at the Breckenridge golf course Foster took on Joe Brown of San Antonio and George won 4-2 with 7 pars on the nine holes.

And Cameron's other golfer, Danny Monroe, was defeated by Mike Hall of Houston one up in Flight D. The match was played on the Breckenridge Golf Course.

Wins Quarterfinals

Wednesday was the day for the quarterfinals and Foster was paired with Pat Tilton of Jacksonville. He defeated Tilton 2-1 after parring sir holes.

Both Monroe and Thompson entered the colsolation bracket.

Monroe was defeated in the Flight D Consolation by Jim Adams of San Antonio 2 up and Thompson lost in the Twenty-first flight consolation. His loss was to Guy Cullens of Kerrville, 3 and 2.

The simi-finals were held Thursday and Foster was paired with Chris Walker of Luling. Foster dropped a birdie on the 7th hole and won the match play 4-2.

The finals were held Friday and Foster took the title with a 5-4 victory over Don Meza of San Antonio in the nine hole finals. Foster raced to a five-up lead on the first five holes to win the G Flight championship.

Sam Goldfarb, tousnament chairman awarded Foster a trophy at the Brackenridge Park Club House. The golden prize is inscribed "Texas Jr. Golf Championship '63, "G" Flight, S.A. Light Trophy.

Garden Club Has Winter Workshop

Mrs. George Hollas and Mrs. D. R. Dodson illustrated the five basic shapes in flower arranging at a Fleur de lis Garden Club "Winter Green" workshop held Tuesday night in the Cameron Community Center.

Mrs. Hollas demonstrated making a triangle shaped flower arrangement emphasising that the completed arrangement should have depth and a focal point with deeper hued colors near the base.

During the business meeting plans for the December flower show and a Christmas party for special education students were discussed.

Members voted to have a bake sale in conjunction with the December 1 flower show and to open the show to the public with no admission charge.

Following the business meeting cake and coffee were served to the 21 members by program hostess Mrs. James Camp, Mrs. John Martin and Mrs. William Kelm.

Farm Bureau Reports New Members

New directors and their wives were introduced at the November 4 meeting of the Milam County Farm Bureau. Sixteen directors were present.

Ed Lehmann introduced the new directors and their wives. They are Mr. and Mrs. Carl Grothe of Minerva, Mr. and Mrs. LeRoy Wuensche of Thrall, Melvin Weise of Thorndale and W. C. Kohring of Cameron.

H. M. Yager, membership chairman and first vice president, reported that the Farm Bureau ended October with 45 new members and ended the fiscal year of 1971 with 1360 members.

John A. Smith, district director, reported that Texas had a 6,000 increase in membership for the year. Monthly productions were given by William F. Arthur and Bobby Berry.

A. T. Swanzy reported on the resolutions committee meeting for District 8 held in Temple Oct. 28 and which he attended.

Lehmann gave a report for the building committee and the group also discussed who would go to the state convention in Amarillo.

Coffee and donuts were served following the business meeting.

Personals

Frank Perrin, who became ill while working in Irving, is reported much improved at Scott and White Hospital in Temple.

TARANTULA HARMLESS

Regardless of old Hollywood horror films, a tarantula bite is hardly worse than a bee or wasp sting, unless the victim has a particular allergy.

Cobb On FB Committee

Darrel Cobb of Rogers was a member of the 41 man Texas Farm Bureau Resolutions Committee which met in Amarillo last week to begin preparations for the annual TFB convention November 14-17.

The group considered some 1,500 resolutions on scores of state and national issues sent in by the 206 organized county Farm Bureaus in the state.

Farmers Union Elects Dodd, Passes Five Resolutions

Milam County Farmers Union re-elected George A. Dodd president and passed five resolutions at its recent annual convention.

Other officers re-elected were Willie Moraw, vice-president, and Ervin Pelzel, secretary-treasurer.

The convention passed the following resolutions:

1. We favor passa9e of the Federal "no-fault" automobile insurance bill introduced by Senators Hart and Magnuson.

2. We urge Secretary of Agriculture Hardin to reverse his announced intention to withhold final decisions on the extent of feed grain diversion until March 15, since central Texas farmers fertilize and prepare land and even normally plant earlier then this date.

3. We favor passage of legislation to raise the loan rate for feed grains and endorse the Melcher Bill which would set the milo loan rate at approximately $2.00 per cwt.

4. We recommend that a reasonable portion of the sales tax now going to cities be allocated to county governments for such purposes as maintaining county dumping grounds, fire protection, etc.

5. We are for central standard time the year around.

The county resolutions will be submitted for consideration by the State Convention of Texas Farmers Union to be held in San Antonio, Dec. 6-8, 1971.

BUSINESS REVIEW

Prices Are Reasonable At Lewis-Chili Shoe Store

"Brand shoes at reasonable prices has been our ladder of success."

Thus does Chili Manning, 43 years a veteran in retail shoe sales and shoe store management, sum up the reason Lewis - Chili Shoe Store maintains volume and price with changing public demands and styles.

In fact, Chili has been selling shoes or managing and merchandising shoes as an associate in Lewis-Chili stores for 37 years. That is a record for shoe retailers in Milam County, perhaps even for a wider area in Central Texas.

Red Goose, Rand and "Miss Wonderful" are famous brands which are every-day stock merchandise in the Lewis-Chili Shoe Store, at 109 South Houston, downtown Cameron.

These famous names mean shoes for the entire family. Lewis-Chili is the only strictly family shoe store in Cameron and perhaps Milam County.

Chili Manning's 43 years in the shoe business amount to a lifetime of serving the footwear needs of two generations of Milam Countians: Father, Mother, brother and sister, at every age.

Lewis-Chili recently installed a modern display for updating part of the store. Other improvements continue as time and investment capital permit.

Assisting Manning at the Lewis-Chili Shoe Store are Mrs. Josie Janek, serving customers at the store for 24 years, and Mrs. Oma Rogers, a retail shoe sales clerk for 18 years, full or parttime.

Manning emphasizes Lewis-Chili Shoe Store is by this experience an old, established shoe store that keeps up with the times.

Anderle's Means Service, Quality Materials

Anderle Lumber Company of Cameron is the first step for professional builders and 'do-it-yourselfers' alike. The reason is a combination of high quality building materials, wide selection and courteous, efficient service.

"We feel that our 24 years of proven service speaks for itself," said Anton Anderle, owner of the local lumber company. "Our steady growth over the past 24 years is proof of our reliability, service and quality materials."

Individuals planning to build or remodel their home can select floor coverings, wall coverings, ceiling materials, paint, siding, formica and plumbing fixtures in the spacious and well lighted Anderle Lumber Company display room.

Paneling is the 'hot item' for remodeling and new construction and Anderle Lumber Company offers a wide selection from which to choose.

"Our wall paneling ranges in price from $3 to $21 a sheet," Anderle said, "and we can offer a selection of wood tones that will fit any decorating need."

Also of interest to the color conscious decorator is the large selection of wood tones that will fit any decorating need."

Also of interest to the color conscious decorator is excellent selection of ornamental iron porch posts and railings and precast cement steps.

For exterior home appearance, Anderle's has an the large selection of top quality Sherwin Williams paints and Old Masters antiquing and wood graining products.

Anderle's also offers both bank financing and Title 1 financing.

WHITE SPACE SELLS ADS-- Advertise in the CAMERON HERALD.

Aunt Sarah, I love you.

Remember my 10th birthday, when you gave me that funny piece of green paper and everybody made such a fuss over it. (Except me.) Frankly, it was a pretty disappointing present for a kid. I couldn't eat it, couldn't play with it, couldn't wear it—and Mom took it away from me practically the minute I got it.

And every birthday after that (and Christmas, too), you gave me another one of those *Bonds*, you called them. I thought you were pretty gooney.

At least, I never had to guess what I was going to get from good old reliable Aunt Sarah.

And what I got was good old reliable U.S. Savings Bonds.

What I didn't realize then was that you gave me a gift of security for the future. Thanks to you and those Bonds, I had extra funds for college. And they helped when I bought my first new car.

Next week, I'm giving my nephew, Harry, his first U.S. Savings Bond. I know the kid is gonna think I'm some kind of nut. But, someday . . .

Bonds are safe. If lost, stolen, or destroyed, we replace them. When needed, they can be cashed at your bank. Tax may be deferred until redemption. And always remember, Bonds are a proud way to save.

Take stock in America.
Now Bonds pay a bonus at maturity.

Dragons Fall To Yoe Drive

By Marilyn Hauk

Once again the Yoemen used a narrow lead to down Round Rock. This game was the final one for both teams.

The Dragons lost no time in making their mark on the scoreboard. John Hernandez kicked a 35 yard field goal to give Round Rock 3-0.

After exchanging the ball Round Rock punted the ball to the Yoe-46 yard line. Time was precious for Yoe quarterback Richard Cummings as he made a long run of 34 yards to position the Yoemen at the RR-30. After advancing to the RR-19 Cummings made much yardage again with a 10 yard run to the 9-yard line. Sam Knight ran across the center to score with the PAT by Knight, Yoe led 8-3.

Round Rock sprang back on the next drive to take the lead. After two plays with no gain Brain Reinhardt layed a pass on Charles Earl for a total 38-yards for the score. Harry Mercer scored the PAT to make the score 11-8.

Time was running out when Cummings intercepted a pass on the RR-45. Will Turner completed two passes and then stepped over the 1-yard line. Cummings passed to Joe Vaculin for 2 points giving the Yoemen a 16-11 halftime lead.

In the third quarter Round Rock possessed the lead for a while by one point. The Reinhardt-Earl team once again scored with a 21-yard pass but the PAT failed making the score 17-16.

Knight came back and made a 20-yard run to the 9-yard line. Turner threw to the end zone into the hands of Lonnie Scott. The PAT failed but the Yoemen led 22-17.

In the fourth quarter a RR pass was intercepted at the Yoe-26 Cummings made a 5 yard run to score. Knight tried for the PAT but failed. Yoe still led 28-17.

Round Rock added a booster to their score when Reinhardt passed 18 yards to the end zone to Earl. Cameron held the final Round Rock drive to make the final score 28-23.

The Yoemen finish the season with a 5-5 record and a 1-4 district record.

Yoe Band To Compete In UIL

The Yoe-High Marching 100 will be contestants in the UIL Marching Contest in Temple Tuesday, November 16. Temple High Stadium will be the sight of this event.

This is the third year for the Yoe High Band to compete in this type of contest. Last year the band received a II division rating which is classified as "excellent."

There will be 13AA bands competing Tuesday. Each is judged and given a rating according to the performance they exhibit.

This will be Cameron's last year in AA competition, for next year they move into AAA.

Judges will be Bill Dean, Odessa High School, Odessa; Bob Jordon, Highland Park High School, Dallas; and Lee South, Irving High School, Irving.

The Yoe High Band would like to invite everyone to Temple Tuesday to see the band march. Performance time is 11:10 a.m.

Youth To Walk Thirty 'Miles For The Hungry'

Young people from all over Central Texas will be walking 30 miles on November 20 to raise money to help support foreign and domestic projects designed to develop the human potential of impoverished persons.

Called "Miles for the Hungry", the walk is sponsored by: the CYO (Catholic Youth Organization), and CROP (Christian Rural Overseas Program -- the only American church sponsored public appeal for overseas development. It includes 30 American demoninations.)

A group of young people from the Cameron area will hike and they will need sponsors. Anyone may take part in this endeavor to help the needy by making a pledge, whether its a few pennies per mile or several dollars. Call 697-2118 and offer your support to these youngsters who will walk "Miles for the Hungry."

A 30 mile route has been mapped out in the Austin city limits for the hikers, expected to number into the thousands. Starting point will be St. Edwards University at 7:30 a.m. Saturday. Each hiker will have sponsors who have pledged a certain acmount for every mile he completes.

The money raised will be used as follows:

1/2 to CROP for overseas development

1/4 to Austin CARITAS for underprivileged and starving families

1/4 to Southwest Indian Development of Arizona.

Computing Company Fake: Better Business Bureau

Central Texans are being advised by the Austin Better Business Bureau to exercise caution in making committments to a company offering investment and employment opportunities by representatives of a firm calling itself a computing company.

It has been reported to the BBB by several officials of Central Texas towns and representatives of Chambers of Commerce that the firm holds out alluring job opportunities to high school students after training in keypunch operations.

A recent survey made by the BBB indicates that there are very few job openings in the keypunch field.

"Community Computing Centers, Inc, alleged to be the owner of several 'companies' in various Central Texas cities is not identifiable," said officials of the Better Business Bureau in Austin. The Secretary of State's office has also informed the BBB that their office has not issued a charter for such a firm. Therefore, it is not incorporated in Texas.

Information has also been furnished to the BBB indicating that telephone service has been denied or suspended because of non-payment for services as promised, in some Texas cities. At least one city is holding an insufficient check in payment for utilities.

Investment possibilities offered include the building of new homes to "employees" of the firm as well as the renting, leasing and building of offices.

Before making a commitment of any kind, the Better Business Bureau recommends that a complete financial statement and credit rating be obtained on the firm and its representatives.

Freeze To Stay After November 13

The rules for the price freeze will continue after November 13 until new rules are provided by the Pay Board and the Price Commission, according to R. L. Phinney, District Director of Internal Revenue.

Phinney said there is widespread erroneous belief the freeze will be off at the end of the ninety-day period.

Phinney said further that as stated in the President's Executive Order of October 15, the provisions of the Economic Stabilization Program which have been in force since August 15 will continue until they are specifically modified, in each area and category, by the Pay Board, Price Commission or the Cost of Living Council.

CHECK TAX SITUATION

Farmers and ranchers should take a look at their tax situation and make certain management decisions before the end of the year, advises James I. Mallet, Extension economist. If your taxable income for the year is above that anticipated for 1972, then you may want to delay any additional sales until 1972. Also, you may want to purchase certain supplies and machinery. If your income is down this year, then you will want to delay all possible purchases and payments until after January 1.
